

# UNIVERSITY OF RICHMOND Robins School of Business™

MS in MANAGEMENT

## Business Decisions Backed by Data

Looking to add foundational business skills to your undergrad degree in liberal arts or STEM? It's not too late.

The University of Richmond's Master of Science in Management (MSM) graduate program was created to give non-business majors a comprehensive understanding of business fundamentals, with an emphasis on innovation and the analytics used across top businesses worldwide.

By completing this one-year program, you will graduate with the expanded worldview and critical-thinking capability of a liberal arts education coupled with the necessary technical skills of a business degree.
